Complaint Allegations

If a program disagrees with a licensing finding, the program may request a review of the finding(s). Ohio Administrative Code 5101:2-12-03 and 5101:2-13-03 detail the process for submitting a request for review. The request for review must be submitted within seven business days from the receipt of the licensing report. In addition, if the program is star rated, the rating may be impacted if a serious or moderate risk non-compliance is cited.

Domain:01 Ratio & Supervision

Rule: 5180:2-12-18 Ratio
Code: The program is required to maintain the appropriate staff to child ratio for each group served.

Allegation: The complainant alleged that the program was not maintaining ratios in the infant classroom.

Determination: Substantiated

Findings: During the investigation, it was determined that required staff/child ratios were not being maintained for the infant group, in that there was 1 child care staff member to 7 infants, due to not having addtional staff scheduled to care for the group. In addtion druing the inspection, there was a ratio of 1 child care staff member to 13 preschool children observed, when there was not an additional staff person scheduled for the group.

Additional staff members must be hired or current Child Care Staff Members must be rescheduled to maintain compliance. Provide staff training. Submit the program's corrective action plan, which includes a statement that training was provided, to the Department to verify compliance with the requirements of this rule.
