Summary of Non-Compliances

If a program disagrees with a licensing finding, the program may request a review of the finding(s). Ohio Administrative Code 5180:2-12-03, 5180:2-13-03, 5180:2-19-10 and 5180:2-20-02 detail the process for submitting a request for review. The request for review must be submitted within ten business days from the receipt of the licensing report. In addition, if the program is Step Up To Quality rated, the rating may be impacted if a serious or moderate risk non-compliance is cited.

Serious Risk Non-Compliances

A serious risk non-compliance is a licensing rule violation that has the potential to lead to a great risk of harm to a child and is observable and/or based on facts.

No serious risk non-compliances were observed during this inspection

Moderate Risk Non-Compliances

A moderate risk non-compliance is a licensing rule violation that has the potential to lead to a great risk of harm to a child and is observable and/or based on facts.

Domain: **02 Safe & Sanitary Environment**

Rule: 5180:2-13-12 Safe Environment

Requirement: The program is required to protect children from any items and conditions which threaten their health, safety, and well-being.

Finding: Children in care shall be protected from any items and conditions which threaten their health, safety, and well-being. During the inspection, it was determined the program did not protect children from an unsafe item, condition or equipment.

The following was observed: Several electrical outlets missing plate coverings and several electrical outlets missing safety coverings/inserts for plugs.

Any hazardous equipment must be removed, replaced, or repaired and any hazardous condition must be corrected and must be made inaccessible to children. Submit the program's corrective action plan, which includes a statement that the item or condition has been removed, to verify compliance with the requirements of this rule.

Corrective Action Plan Due: 11/04/2026

Other Non-Compliances

This section includes other rule violations that are observable and/or based on facts.

Domain: **01 Ratio & Supervision**

Rule: 5180:2-13-18 Attendance

Requirement: The program is required to maintain a record of the arrival and departure of each child. The program is also required to retain the original attendance record at the program for a period of one year.

Finding: During the inspection, it was determined the program did not meet the requirements for keeping an attendance record.

The following was observed: Attendance records were missing for all past past 09/23/2026.

Submit the program's corrective action plan to the Department to verify compliance with the requirements of this rule.

Corrective Action Plan Due: 11/04/2026

Domain: **02 Safe & Sanitary Environment**

Rule: 5180:2-13-12 Safe Environment

Requirement: The program is required to have running water below the temperature of 120 degrees Fahrenheit.

Finding: During the inspection, it was determined the water temperature was 130 degrees Fahrenheit in the following room(s) kitchen and bathroom. This temperature exceeds the requirement of remaining below 120 degrees Fahrenheit. Correct the violation and submit the program's corrective action plan to verify compliance with the requirement of the rule.

Corrective Action Plan Due: 11/04/2026

Domain: **04 Indoor/Outdoor Space**

Rule: 5180:2-13-11 Outdoor Space

Requirement: The program is required to have an outdoor play space. The outdoor play space must provide 60 square foot per child using the space at one time.

Finding: During the inspection, it was determined that the outdoor play space did not meet the requirements in rule.

The following was observed: Provider is utilizing a temporary fence to provide barrier but the area of the outdoor space/fenced in space is 10'4" by 6'5" which measure to be 67.17 square feet of play area. This space is insufficient for more than one child to utilize at a time. Provider is allowed up to 7 children at a time and would need a space no less than 420 square feet.

Submit the program's corrective action plan to verify compliance with the requirements of this rule.

Corrective Action Plan Due: 11/04/2026

Domain: **05 Health & Safety**

Rule: 5180:2-13-16 Emergency Preparedness and Response Plan

Requirement: The program is required to have a completed emergency preparedness and response plan.

Finding: During the inspection, it was determined the program's written emergency preparedness and response plan did not meet the requirement or was missing the information.

The following was observed missing: 1. Missing section on Medical or dental emergencies, including emergency transportation.

2. EPRP states that copy of that document to the parents, this is actually not a document that you are to share with parents

3. In the section that discusses disasters occurring during transport, should state that the provider does not transport. If the center is transporting for field trips, then they need to update the online profile, and will need to start doing vehicle inspections.

4. Missing the section that lists Emergency numbers for medical, dental, and transport-related emergencies, in addition to 911

5. The EPRP must include the list of contact info for local emergency management officials (EMA, Poison Control, Health Dept., PCSA, etc.)

Submit the program's corrective action plan, which includes the missing information, if applicable, to verify compliance with the requirements of this rule.

Corrective Action Plan Due: 11/04/2026
