Center Licensing Inspection Full Report

All licensed child care programs are inspected at least once each year. Non-compliances are documented and grouped as Serious, Moderate or Low risk violations. Documenting statements and supplemental information may be included in this report. Licensing inspection reports from the previous three years can be viewed on the child care website at http://jfs.ohio.gov/CDC/childcare.stm. This includes complaint investigation reports with substantiated allegations. For any other child care records, please contact the Child Care Help Desk at 1-877-302-2347, option 4.

Summary of Non-Compliances

If a program disagrees with a licensing finding, the program may request a review of the finding(s). Ohio Administrative Code 5101:2-12-03 and 5101:2-13-03 detail the process for submitting a request for review. The request for review must be submitted within seven business days from the receipt of the licensing report. In addition, if the program is star rated, the rating may be impacted if a serious or moderate risk non-compliance is cited.

Serious Risk Non-Compliances

No Serious Risk Non-Compliances were observed during this inspection

Moderate Risk Non-Compliances

Domain: 00 License & Approvals

Rule: 5101:2-12-04 Building Department Inspection
Code: The program is required to refrain from using space that did not receive building approval and from caring for children in spaces not approved for that age group. The program is required to refrain from using a remodeled or modified space before obtaining building approval. The program is required to maintain building occupancy limitations.

Finding: During the inspection, it was determined the program was using space for child care in a manner that was not approved by the Ohio Department of Commerce or local certified building authority as noted in number 1 below:

1. The back room behind the cafeteria was not approved. Upon arrival, school agers were exiting the room.
2. Children under school age were being cared for in a building only approved for school age.
3. The space had been modified and not yet re-inspected and approved.
4. The [ ] floor, which had not been approved by the building department for child care, was being used.

5. The building limitation had been exceeded. [ ] children were being cared for and the building had been approved for [ ] children.
6. The [ ] room(s) occupancy had been exceeded. [ ] children were being cared for in this space that had been approved for [ ] children.
7. Care was provided to [ ] children less than two and one-half years of age. This violated the program's building code limitation in that, [ ].

Submit the program's corrective action plan, which includes building approval for use of this space, a written statement that the building occupancy limitations are being maintained, or a written statement that it is no longer being used, to the Department to verify compliance with the requirements of this rule.

Corrective Action Plan Due: 08/29/2024

Domain: 01 Ratio & Supervision

Rule: 5101:2-12-18 Ratio
Code: The program is required to maintain the appropriate staff to child ratio for each group served.

Finding: During the inspection, required staff/child ratios were not maintained for the same group on multiple occasions, as noted below:

The ratio determined for the infant/toddler/preschool group was 1 Child Care Staff Member(s) for 6 children. Additionally, a ratio of 1 Child Care Staff Member(s) for 6 children was determined for the infant toddler preschool group.

Additional staff members must be hired or current Child Care Staff Members must be rescheduled to maintain compliance. Provide staff training. Submit the program's corrective action plan, which includes a statement that training was provided, to the Department to verify compliance with the requirements of this rule.

Corrective Action Plan Due: 08/29/2024

Domain: 04 Indoor/Outdoor Space

Rule: 5101:2-12-11 Outdoor Space Requirements
Code: The program is required to have an outdoor play space free from immediate risk.

Finding: During the inspection, it was determined that an area was used which was not protected from traffic and other hazards by a continuous fence in good condition, or natural barrier, that ensured children were not able to leave the playground area. The fence or natural barrier was determined to present an immediate risk for a child to be able to leave the playground as noted in number 6 below:

1. The fence, natural barrier, or combination of fence and natural barrier was not continuous.
2. The fencing had missing slat boards through which children could leave the playground.
3. The gate was broken and did not close.
4. The latch on the gate was broken.
5. The gate had no latch.
6. The fencing was broken.
7. The latch was easily opened by children on the playground.
8. The latch was not engaged to prevent children from opening the gate.
9. The portable fencing approved for use by the Department was not being used.
10. Other [ ].

Discontinue use of the playground and provide a space for outdoor play which is well defined by a continuous fence or natural barrier and protected from other hazards. Submit the program's corrective action plan to the Department to verify compliance with the requirements of this rule.

Corrective Action Plan Due: 08/29/2024

Domain: 04 Indoor/Outdoor Space

Rule: 5101:2-12-11 Outdoor Play Fall Zones
Code: The program is required to provide adequate fall surface for the outdoor play space.

Finding: During the inspection, it was determined that the playground did not have adequate fall surface under and around equipment as noted in number 1 below:

1. No fall surface
2. Adequate fall surface to soften the impact of a fall
3. Adequate fall surface to soften the impact of a fall that extended the length of the required fall zone
4. Other [ ]

With any equipment designed for climbing, swinging, bouncing, or sliding, resilient material, as specified in Appendix A, needs to be added in order to protect children in the event of a fall. Submit the program's corrective action plan, which includes written verification of the discontinued use of this equipment until corrections are made along with a description of the resilient material added, to the Department to verify compliance with the requirements of this rule.

Corrective Action Plan Due: 08/29/2024

Domain: 07 Diapering & Infant Care

Rule: 5101:2-12-23 Infant Bottle and Food Preparation

Code: The program staff is required to place the bottle warmer in an area that is not accessible to children.

Finding: During the inspection, it was determined that the container used for heating bottles was accessible to children. Relocate the container. Provide training. Submit the program's corrective action plan, which includes a statement that training was provided, to the Department to verify compliance with the requirements of this rule. Was located in the infant room on top of a dorm size fridge, within child's reach
